An introduction about me

Hi, my name is Jack Thursfield and my interests include multiple things including sports and academic learning. I play for a football team called Bentilee Trojans. I went to a primary school near Bentilee but now I live further away leading me to an Ormiston Sir Stanley Matthews Academy career.

What are your top 3 issues that you and/or your peers feel passionate about to work on in RSV and NSV?

Candidate written speech

Hi, my name is Jack Thursfield and I would like to be a representative of our academy for OAT. I would like this so always Ormiston students feel valuable and heard as well as having an equal impact alongside others.

My main focus includes anti-racism, bullying and physical health & sport. In my opinion these are the top three issues as anti-racism is a process of actively identifying and opposing racism. Impacts of anti-racism include, improved education experience, reducing racial disparities, encourages participation and reduces obstacles to employment.

Bullying is a distinctive pattern of repetitively harming or humiliating others. To stop bullying you would have to unite together and treat people how you would want to be treated.

Leading onto my last point of physical health, it is important to be active so you have a healthy life and mind.

Thanks for you time. Vote for me and Bye!
