Candidate written speech

I would like to represent this academy because I feel like it is an amazing school but with help from the students and staff. This school will be one of the best or the best school in the country. And other schools that represent OAT. If I get the role as student voice, I would love to achieve a better and healthier region and a more social school life. I will ensure students that if you vote for me, I will make sure as my number one priority that all students in OAT will have a say whatever issues they might have and I will not forget about them.

Finally, you vote for me I will make sure every student and staff will have a voice with the issues they might have in the community.

Thank you all for listening to my speech and have a wonderful day. Matthew Maher 10SM
