Name of student	Nevaeh Stanley	Current year group	Year 7
Name of Academy	OSSMA	OAT Region	North

An introduction about me

Hello I'm Nevaeh and I would be perfect for the job as I want to make a difference and don't support criticism as people need to express their selves and need not to listen to those who hurt people because of jealousy. But I believe those people deserve a second chance no matter what they have done as everyone is perfect. Some of my interests are art/design and technology and PE. I am also a well-being rep. I also think that people need to come out of their comfort zone and try something new.

In my opinion I don't think enough being done to support LGTBQ and our ethnic communities in the academy.

What are your top 3 issues that you and/or your peers feel passionate about to work on in RSV and NSV?

Candidate written speech

I think I should represent our school because I want to improve all of the struggles students carry and how some changes can make a difference. I encourage others to take their learning to another level and try to be the best student they can be no matter what anyone thinks of them. I'm very passionate to make OSSMA better by discussing with others to make a change to any type of criticism or anything that needs to be expressed more. I'm also very kind I would do anything needed and I would listen to people's opinions. If do get selected I will do my very best to show and represent our school and show the other school things they need to add for example family lunch as Mrs Richardson said no other school in the northern region or any of the other regions don't do family lunch. I think they should because it can develop other skills the speech, language, oracy skills English and the CREEK values.

Thank you for listening to my speech and I would love to be the person to represent Ormiston Sir Stanley Matthews Academy.

I will also always be available if anyone would like to talk to me about any concerns you may have or changes you might need to put forward for consideration.
