

# Homework

**Homework at OSSMA complements the learning taking place in the classroom, while developing independent learners fostering organisational skills.**

## **Why do we set homework for your child?**

At OSSMA we want our students to develop two skills through their homework. The first quality is being an independent learner where students rise to the challenge of their homework. Secondly, we want students to develop their organisational skills; promoting students to take responsibility for planning their own learning, as well as a sense of ownership and pride in their learning.

## **How is the homework set?**

*Homework is set at the start of the half term, for the whole half term.*

*Students will have the opportunity to ask questions allowing staff to set our students up for success.*

*Due dates are clear and concise for parents, teachers and students.*

*Students will be supported in form time. Students will have weekly allocated time during form, called Learning to Learn, to plan their homework and have regular updates and encouragement from their form tutors, Heads of Year as well as classroom teachers.*

*All students' planners now feature a revision timetable to support students in planning their homework and revision.*

*Students will now use their planners to plan their schedule, to plan when they are completing their homework when is convenient for them.*

*We want to encourage the students to become independent, organised learners.*

## **Further Information**

If you have any queries or concerns regarding homework, please contact Mrs Sims via the Academy or email [csims@ossma.co.uk](mailto:csims@ossma.co.uk)

## **Research:**

The EEF found that completion of effective homework can **add 5 months** to a students overall learning time.

## **What happens if the homework is not completed?**

If your child fails to hand in their homework they will be issued with a ten minute detention with the teacher either at break time or lunch time. The expectation is that every student completes their homework, therefore they will still be expected to bring their homework into school for the next lesson.
